

ANWAR ALI

UI/UX Developer | ReactJS Developer | Frontend Developer

Noida, Uttar Pradesh • +91 9557323174 • anwar955732@gmail.com

PROFESSIONAL SUMMARY

Results-driven UI/UX Developer and ReactJS Developer with 1.5+ years of experience building responsive, user-centric web applications using ReactJS, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, and Bootstrap 5. Proficient in developing Single Page Applications (SPAs), reusable React components, Redux state management, and RESTful API integration. Experienced in UI/UX design using Figma, with hands-on exposure to full-stack MERN development (MongoDB, Express.js, Node.js, ReactJS). Passionate about delivering clean, accessible, and performance-optimized frontend solutions in Agile/Scrum environments.

TECHNICAL SKILLS

Frontend Technologies: ReactJS, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, Tailwind CSS, jQuery

React Ecosystem: React Hooks (useState, useEffect, useContext, useRef), Redux, Redux Toolkit, React Router, SPA

Backend & Database: Node.js, Express.js, MongoDB, REST API, RESTful API, JWT Authentication, Mongoose

UI/UX & Design: Figma, Wireframing, Prototyping, Responsive Web Design, Cross-Browser Compatibility, WCAG

Tools & Platforms: Git, GitHub, VS Code, npm, Postman, Cloudinary, Stripe

Methodologies: Agile, Scrum, Component-Based Architecture, MVC, Version Control

PROFESSIONAL EXPERIENCE

Chetu India – Noida, UP

Mar 2025 – Present

UI/UX Developer / ReactJS Developer Trainee

- Developed dynamic, reusable React components and Single Page Applications (SPAs) using ReactJS, React Hooks (useState, useEffect, useContext), and JavaScript ES6+, improving performance and code reusability.
- Integrated RESTful APIs using Axios and Fetch API for real-time data communication, with efficient global state management using Redux and Redux Toolkit.
- Built pixel-perfect responsive user interfaces using HTML5, CSS3, Tailwind CSS, and Bootstrap 5, ensuring cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
- Collaborated with design team via Figma to convert wireframes and high-fidelity prototypes into functional React components, contributing to a 35% increase in user engagement and 20% decrease in bounce rates.
- Implemented React Router v6 for client-side navigation, code splitting, and lazy loading, reducing initial page load time.
- Participated in Agile/Scrum ceremonies including sprint planning, daily standups, and code reviews for timely feature delivery.

Chetu India – Noida, UP

Mar 2024 – Oct 2024

UI/UX Developer – Training

- Completed intensive hands-on UI/UX training covering user research, information architecture, wireframing, prototyping, and usability testing.
- Designed high-fidelity UI mockups and interactive prototypes using Figma for web and mobile applications, applying design thinking principles.
- Applied WCAG 2.1 accessibility standards and established design system guidelines ensuring consistent, inclusive user experiences.
- Translated client business requirements into clean, user-centric interface designs, streamlining design-to-development handoff.

PROJECTS

Real Estate Web Application – MERN Stack – ReactJS, Node.js, Express.js, MongoDB 2026

- Engineered a full-stack real estate platform for property buying, selling, and renting using the MERN Stack (MongoDB, Express.js, ReactJS, Node.js).
- Implemented secure dual-token JWT authentication with 15-min access tokens and 7-day httpOnly refresh tokens, refresh token rotation, DB-side revocation, and RBAC for buyer, seller, agent, and admin roles.
- Integrated Google OAuth 2.0 for social login and Cloudinary for property image upload, transformation, and delivery.
- Designed a Tailwind CSS responsive Navbar with hover dropdowns, mobile drawer, and Redux Toolkit-connected user menu for real-time auth state.
- Architected RESTful API with Express.js and Mongoose ODM for property listings, user profiles, and transaction management.

E-Learning Platform – ReactJS, Redux Toolkit, Tailwind CSS, Stripe 2025

- Built a scalable e-learning platform with role-based dashboards (Admin, Student, Teacher) using ReactJS, Redux Toolkit, and Tailwind CSS.
- Admin Dashboard: full course management, user management, platform analytics, revenue tracking, and content moderation workflows.
- Student Dashboard: course enrollment, HD video lessons, progress tracking, quiz engine, and automated certificate generation.
- Teacher Dashboard: course creation, content publishing, student roster management, and earnings analytics.
- Integrated Stripe Payment Gateway supporting one-time purchases, subscription plans, and PCI-compliant secure checkout.

E-Commerce Web Application – ReactJS, Redux, REST API, Admin Dashboard 2025

- Built a full-featured e-commerce Single Page Application (SPA) using ReactJS, Redux Toolkit, and React Router with comprehensive Admin Dashboard.
- Features include product catalog with search and filter, shopping cart, wishlist, order tracking, and secure payment checkout.
- Admin Panel covers sales analytics, inventory management, order management, and customer relationship management modules.
- Implemented Redux for global state (cart, auth), REST API integration for product data, and optimized rendering for high performance.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University – Lucknow, UP 2019 – 2023

Bachelor of Technology (B.Tech) – Computer Science & Engineering

Relevant Coursework: Software Engineering, Operating Systems, Data Structures & Algorithms, Artificial Intelligence

M.M.S.S.V.M. Inter College – Sambhal, UP 2016 – 2017

Intermediate – Physics, Chemistry & Mathematics (PCM)

CERTIFICATIONS & TRAINING

- UI/UX Design & ReactJS – Chetu India
- ReactJS – Udemy
- Node.js – Udemy
- HTML, CSS & JavaScript – Coursera

ACHIEVEMENTS & ACTIVITIES

- Cleared 1st round in Innovation India Coding Championship (IICC) conducted by AICTE – recognized for strong problem-solving and algorithmic skills.
- Participated in 24-Hour Hackathon at GBU, Noida (Sep 2022) – built a web application in a 3-person team under time constraints.
- Technical Content Author on Medium (GeekySession) – publishes developer articles on JavaScript, ReactJS, and web development best practices.
